Treat your guests with a return gift in terms of their photo for remembrance. Your guests will love it.

“

Coming together is a beginning; keeping together is progress; making it simple and smart is future.

-aXeon

”

## Reflect Technology

Vanity-Vision glass and acrylic are the latest in Reflect mirror technology. The high quality, semi-transparent mirror provides flawless clear text and Full HD graphics through the tint-free mirror. We provide the mirror by itself, which you can combine with the display of your choice and an Android tablet, or PC. It works with embedded touch overlay.
